## ENERGY DEPARTMENT GOVERNMENT OF SINDH

NO: DAE/GEN/216/2021

DATED: 18th November, 2021

### REQUEST FOR PROPOSAL (CONSULTING SERVICES - FIRM SELECTION)

Article 157(2) of the Constitution enables the Government of Sindh (GOS) to, *inter alia*, set up power houses, transmission lines, etc. for use within the Province of Sindh. Also, in pursuance of para 5.1.10 the Provincial Governments may make their own electricity policies including generation, transmission & distribution.

Further the Sindh province is blessed with tremendous energy resources like coal, gas, and alternative energy i.e. Wind, Solar, Biomass etc.

Accordingly, Energy Department, Government of Sindh (ED, GoS) has observed that in the current emerging new market scenarios especially successful thermal power generation from Thar coal Block-II, generation & evacuation of power from Jhimpir Wind corridor and growing interest in B2B model for market development through renewable energy sources, formulation of new electricity policy for Sindh is needed.

#### Description of the Assignment:

Energy Department, Government of Sindh is seeking services of a well reputed, top tier energy law firm(s)/consultants/consortium for Legal/Transaction Advisory Services for formulating draft Sindh Electricity Policy, 2021 prepared in the light of provisions given in the Constitution of Islamic Republic of Pakistan, National Electricity Policy, 2021, Alternative & Renewable Energy Policy, 2019, laws, applicable governing rules and regulations covering diverse subjects as power generation, transmission, distribution, marketing, tariff, electric market development under CTBCM, B2B or PPP model, amendment in land grant policy for development of renewable energy under B2B or PPP or any other model and grant of land for construction of grid stations by DISCOs, KE, STDC and laying of transmission lines etc, for attracting investment of Public Sector, Private sector and Public Private Partnership (PPP) in electricity generation (including thermal, renewable, hydro technologies), its transmission and distribution for providing sustainable and cost-effective solutions for meeting the province's growing energy needs and any other assignment relevant to the subject.

#### Eligibility Criteria:

- I. A recognized top tier energy law firms/Consulting firm/Consortium (in the form of a joint venture and/or a sub-consultancy). In case of joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected.
