

SEECA and NED University Collaborate on Energy Efficiency Initiatives

Karachi, Pakistan – Wednesday 11th February 2026, Sindh Energy Efficiency & Conservation Agency (SEECA), Energy Department, Govt. of Sindh has signed a **Memorandum of Understanding (MoU)** with NED University of Engineering & Technology, Karachi, to establish an Energy Efficient Appliances Testing Laboratory, with an initial focus on **fans, lamps, and motors**. This partnership also includes **Green Star compliance, capacity building, and knowledge dissemination**.

The collaboration aims to enhance energy efficiency, promote sustainability, and foster knowledge sharing between SEECA and NED University, driving positive change in Pakistan's energy sector.
